Languages

English

Passionate about web development, I shifted from an 8-year hotel career to pursue my fascination with computer science. Committed to mastering the latest technologies, programming has become a real passion for me, and I am excited to continue growing in this field.

GYM - GAMER - CODER

I enjoy staying active by going to the gym regularly, helps me stay focused and energized. I'm also a passionate gamer. Additionally, I love coding as a creative outlet, constantly learning and working on personal projects to sharpen my skills.
